MEMORANDUM FOR: The Director

FROM: Legislative Counsel

In order to secure Senator McCarran's agreement to withdraw his objections to the "100 aliens" provision of the CIA Act of 1949, Admiral Hillenkoetter agreed to furnish him with the quarterly figures as to the number of aliens we brought in under this proviso.

In view of our close relations with this Committee, it is recommended that we continue this custom, and that the Director sign the attached letter.
